

# Walmersley Golf Club: Key Projects

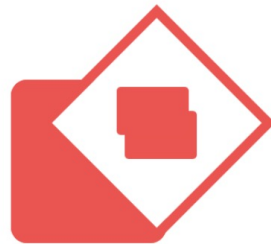

**Custom digital solutions** developed to streamline operations, enhance member engagement, and ensure compliance for Walmersley Golf Club.

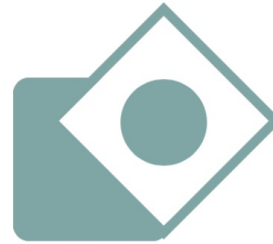

## Member Voting System

Integrated with ClubV1, this system enables secure remote voting for SGMs, verifying eligibility and preventing duplicate votes.

## Direct Debit Processing

Automates the entire DD lifecycle: from bank detail storage and scheduling to BACS file generation and ClubV1 payment updates.

## England Golf Sync

Synchronises member data between WHS and ClubV1 for fee compliance. Automatically removes resigned members from the BRS system.

## Automated Annual Billing

Generates category-based bills, automates member emails, and utilizes AI to manage billing queries and payment tracking.
